The nursing skill lab is offering basic skill services for BAU students, employees, administrative, teaching staff and their families.

This series of in-services are given and held by master and undergraduate students under supervision of BAU Nursing Department Faculty Staff.

The services are given on a personal base upon request or as workshops in the form of:

1. vital signs.
2. giving different sorts of medication.
3. dressing on wounds.
4. first aid.
