C.V.

Personal Data

Name: Khaled Mahmoud Mohiedeen

Date of birth: 7 / 7 / 1963

Marital status: Married and have two offspring

Address:

Home: 2 Alfred Layan St. Roushdy, Alexandria.

Work: Tropical Medicine Department,

Faculty of Medicine,

Alexandria University.

Telephone:

Home: (03) 5439509

Mobile: 01275599536

Qualifications:

- **MBchB, November 1986 (very good with honor)**
- **M.Sc. Tropical Medicine, November 1990 (very good)**
  Thesis Title: **Complement C1q in serum and ascetic fluid of patients with schistosomal hepatic fibrosis.**

- **M.D. Tropical Medicine, December 1997**
  Thesis Title: **Study of hepatocytes HLA class1 and HBc antigens expression in chronic hepatitis B virus infection with hepatic schistosomiasis.**

Current Position: **Emeritus Professor of Tropical Medicine,**
Faculty of Medicine,
Alexandria University (2023 till now)

Professor of Infectious diseases,
Faculty of Medicine,
Beirut Arab University. (August 2024 till now)

Positions Held

- **Resident of Tropical Medicine,**
  Alexandria University hospitals (1988-1991)
- **Assistant Lecturer of Tropical Medicine,**
  Alexandria Faculty of Medicine (1991- 1997)
- **Lecturer of Tropical Medicine,**
  Alexandria Faculty of Medicine (1997- 2003)
- **Assistant professor of Tropical Medicine,**
  Alexandria Faculty of Medicine (2003 - 2014)
- **Professor of Tropical Medicine,**
  Alexandria Faculty of Medicine (2014- 2023)
- **Head of Tropical Medicine Department**
  Alexandria Faculty of Medicine (2020 till August 2023)
- **Emeritus Professor of Tropical Medicine**
  Alexandria faculty of Medicine (1August 2023 till now)
- **Professor of Infectious diseases, Faculty of Medicine,**
  Beirut Arab University. (August 2024 till now)

Experience

Private work

- **Consultant of Internal Medicine, hepatology and gastroenterology – Ahl Al-Tawheed Charity Hospital – Alexandria (1995 – 2001)**
- **Visiting Consultant of Internal Medicine, hepatology and gastroenterology – Maghraby Hospital- Jeddah, KSA (1999- 2000)**
- **Consultant of Internal Medicine, hepatology and gastroenterology – Tarek Bin Laden Hospital- Jeddah, KSA (2001- 2003)**
- **Consultant of Internal Medicine, hepatology and gastroenterology – Saudi Hospital Jeddah, KSA (2003 - 2009)**
- **Consultant of Internal Medicine, hepatology and gastroenterology – Mabaret Al Asafra Hospital – Alexandria (2010 – till now)**

Scientific and practical Activities

- **Participation in the scientific supervision on Tropical department clinic and inpatient ward of Tropical Medicine Department, Alexandria Main University Hospital**
- **Supervision on MD theses (7) and MS theses (19) in Tropical Medicine and other specialties.**
- **Teaching Tropical Medicine curriculum for undergraduate students.**
- **Teaching for postgraduate students applying for MS and MD degrees in Tropical Medicine.**
- **Acting as MS Tropical Medicine program coordinator.**
- **Teaching Infectious Diseases' course for postgraduate students applying for MS and MD degrees in Internal Medicine.**

- **Membership of national societies for Tropical and endemic diseases as well as Hepatology and Gastroenterology**
- **Attendance and scientific participation of national and international conferences held by different societies for Hepatology, Gastroenterology, Tropical and Infectious disease.**
- **Active participation in organization of the annual conferences of Tropical Medicine Department, Alexandria Faculty of Medicine.**
- **Acting as a conference president in some of the annual conferences of the Tropical Medicine Department and chairing scientific sessions in many other conferences.**
- **Active participation in preparation of the specification of post graduate courses of MSc and MD programs in the Tropical Medicine Department**
- **Practical experience in applying standards for health care quality as a quality manager in Saudi hospital, Jeddah (2004 – 2009) during which the hospital was accredited by MRQP (Mekka region quality program) for accreditation of health care facilities**
- **Worked as quality coordinator of the Tropical Medicine Department 2009 – 2012**
- **Active participation in the quality team of the Alexandria Faculty of Medicine especially in the revision process of specification of postgraduate curricula of several MS and MD programs in different specialties**
- **Active participation in the quality team of the Alexandria Faculty of Medicine in the preparation of the strategic plan of the Faculty of Medicine in collaboration with Professor Tarek Omar and Professor Wael Nabil Abdel-Salam**
- **Attendance of workshop for internal auditing in Alexandria Faculty of Medicine**
- **Attending a Health governance training program at Health Governance Unit (HGU)– Medical Research Institute (MRI) – Alexandria University in the period from 4/1/2014 to 12/6/2014.**

- **Participated as a facilitator in workshops and training programs held in HGU- MRI addressing risk management, board governance and strategic management.**
- **Participated in the foundation and teaching of Diploma in health governance – Medical Research Institute in collaboration with Professor Nabil Dowidar Head of the unit and other members of the team. I was responsible as a coordinator for the preparation and teaching of a course on legal and ethical aspects of health care**

Publications

1. **Thyroid microsomal autoantibodies, rheumatoid arthritis and their relationship to chronic HCV infection. Alexandria Medical journal 1999; 41(4): 903-916**
2. **Matrix metalloproteinase 9 and its value as a predictor of hepatic fibrogenesis in patients with chronic HCV. Egyptian journal of laboratory medicine 2000; 12:101-110**
3. **Intracellular adhesion molecule 1 and vascular cell adhesion molecule 1 in patients with hepatocellular carcinoma and chronic viral hepatitis. Alexandria Medical journal 2000;42(3): 695-712**
4. **Measurement of the platelet membrane glycoprotein IIIb / III and by flowcytometry in patients with Schistosomal hepatic fibrosis and its relationship to bleeding oesophageal varices. Journal of the Medical Research Institute 2001;22(1):180- 187**
5. **The use of urinary antigens detection in the diagnosis of hydatid disease. Journal of the Egyptian society of Parasitology 2002;32(1): 69-78**
6. **Tumor necrosis factor in ulcerative colitis, a marker of disease activity. Journal of the Medical research institute 2001;22(1): 103-115**
7. **Plasma rennin activity and aldosterone level in patients with hepatic cirrhosis and hepatorenal syndrome. African Journal of Nephrology 2003; 7(1): 7-13**

8. **Serum soluble transferrin receptors in patients with chronic hepatitis C. Bull. Alex Fac Med 2006;42 (3):613 – 618**
9. **Evaluation of Alpha-1-acid glycoprotein as potential biomarker for viral hepatitis related hepatocellular carcinoma. Alexandria Medical Journal 2011; 53 (1) :40-6**
10. **Use of Anti-Cyclic Citrullinated Peptide antibodies to distinguish hepatitis C virus (HCV)- associated arthropathy from concomitant Rheumatoid arthritis in patients with chronic HCV infection. Alexandria Journal of Hepatogastroenterology 2011; IX (III)):19-23**
11. **Relation of pretreatment serum B12 level and response to treatment with interferon and ribavirin in patients with chronic HCV infection. Alexandria Journal of Hepatogastroenterology 2011; IX (I): ١-5.**
12. **Serum vascular endothelial growth factor receptor1 in HCV induced liver cirrhosis with and without hepatocellular carcinoma. The Alexandria Medical Journal 2012; 54(1): 65 -77.**
13. **Expression of $CD4^+$ $CD25^+$ T regulatory cells in chronic HCV infection and their relation to disease progression. Alexandria Journal of Hepatogastroenterology 2013; XIII (I): 1-7**
14. **Evaluation of using serum YKL-40 and APRI in the assessment of hepatic fibrosis in patients with chronic HCV infection. The Alexandria Medical Journal 2013; 55(2): 143-52**
15. **HCV RNA in PBMC as a predictor of the response to antiviral therapy in chronic hepatitis C. Alexandria journal of Medicine 2014; 50: 317-22**
16. **Impact of schistosomal periportal fibrosis on the results of Transient Elastography in hepatitis C virus patients. Alexandria journal Hepatogastroenterology 2014; XIV(I):1 – 8.**
17. **Serum complements C3 and C4 in chronic HCV infection and their correlation with response to pegylated interferon and ribavirin treatment. Arab Journal of Gastroenterology 2014;15(2):58-62**
18. **Prognosis of bacterial meningitis patients according to clinical criteriae and laboratory results on admission. Biolife 2015;3(4):771**
